No cost. No obligation.

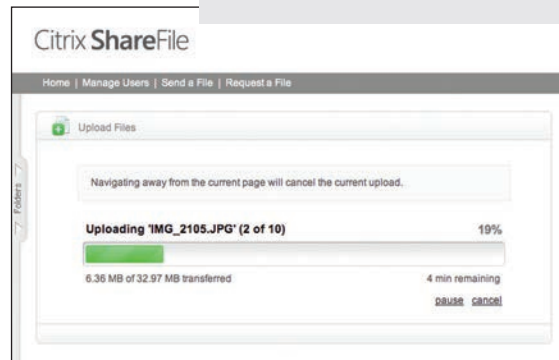

Try Citrix ShareFile FREE for 30 days!

ShareFile is the fastest, easiest, most secure, most professional way to exchange large files up to 10 GB. It's far more convenient than old-fashioned methods like sending faxes or burning CDs. Let us prove it with a no-obligation, 30-day free trial.

We'll give you a fully functional ShareFile account where you can send and receive large documents, set up project folders, migrate files from other file sharing services, even add a customized ShareFile extranet to your website. If you have questions, our support department is available seven days a week to help.

There really is no cost or obligation. You don't even have to provide a credit card number. At the end of 30 days, it's up to you whether you want to continue. So what have you got to lose?

Transfer files too big for email in just a few clicks with Citrix ShareFile. Just browse, add and upload. No software to install. Try it now with your 30-day free trial!

To get started with your FREE 30-day trial, sign up now at www.sharefile.com/specialurl or call **(800) 000-0000**.

Try ShareFile FREE for 30 days!

Citrix ShareFile is the professional way to exchange large, confidential files with clients, co-counsel and others. No more faxing. No more FTP. And no more relying on budget file sharing services that compromise your image.

Choose fast: ShareFile is the file sharing service built for business, from Citrix. Send and receive files up to 10 GB instantly. (Most of our competitors only allow 2 GB.)

Choose secure: With ShareFile, you can be confident that your data is sent securely. SSAE 16 audited datacenters ensure privacy.

Choose professional: Add value to your services with a ShareFile extranet. Your clients and colleagues can send and receive files through your website and access folders branded with your name and logo.

Choose mobile: Take important files with you wherever you go—to the courtroom, client meetings, even on an airplane—and continue billable work via laptop, tablet or mobile phone.

“ShareFile helps us easily and securely send important materials to our lawyers, experts and clients wherever they are. Great time and cost savings!”

— Mike Doyle,
Doyle Raizner, LLP

Look more professional with a Citrix ShareFile extranet.

Offer your clients additional service and give your firm a competitive advantage. It's easy to add a ShareFile extranet to your current website, giving clients and associates an easy, secure way to access and exchange large, sensitive and confidential files.

- + Create online folders—clients only see the folders you designate.
- + Track usage and set alerts to confirm that clients have received files.
- + Access from both Mac and PC.

Best of all, your ShareFile extranet is included in your FREE 30-day trial. You can invite your clients to start using it TODAY!

We'll custom design a file sharing extranet for your website—and it's FREE!
